

# It Ends Tonight

## The All-american Rejects

**Ami G F G**

**Ami**

Your subtleties

**F**

They strangle me

**Dmi Emi**

I can't explain myself at all.

**Ami**

And all that wants

**F**

And all that needs

**Dmi Emi**

All I don't want to need at all.

**F**

The walls start breathing

**C**

My minds unweaving

**C**

Maybe it's best you leave me alone.

**F**

**C**

A weight is lifted

A weight is lifted

**Dmi**

On this evening

**Dmi**

I give the final blow.

**C**

**F**

When darkness turns to light,

**Ami**

It ends tonight

**G**

It ends tonight.

**Ami**

A falling star

A falling star

**F**

Least I fall alone.

**Dmi**

**Emi**

I can't explain what you can't explain.

**Ami**

**F**

Your finding things that you didn't know

**Dmi**

**Emi**

I look at you with such disdain

**C**

**F**

When darkness turns to light,

**Ami**

It ends tonight

**G**

It ends tonight.

**C**

**F**

Just a little insight will make this right

**Ami**

It's too late to fight

**G**  
It ends tonight,  
**F**  
It ends tonight.

**Ami G**  
Now I'm on my own side  
**Dmi F**  
It's better than being on your side  
**Ami G Dmi**  
It's my fault when you're blind  
**F Ami**  
It's better that I see it through your eyes  
**F Dmi**  
All these thoughts locked inside  
**G**  
Now you're the first to know
