Kiss Yourself Goodbye

The All-american Rejects

Blank face little girl Your colors running down It's the one you love Cry out my world, this copulated kiss It's the last that you deserve

I've done wrong I've been gone It's the one you love Drink down and your candles burn Away, away

Dreaming you, is so easy, yeah If it was up to me, then you would cry tonight If it was up to you

Take you, take me away I can't go with you now Don't you wish I'd try Left just a trace, it's growing colder still So kiss yourself goodbye

I've done wrong I've been gone It's the one you love One drink and your candles burn Away, away

Dreaming you, is so easy, yeah If it was up to me, then you would cry tonight When it's up to you, you kiss yourself goodbye

Let go, push your daisies A thousand maybes, a thousand left I'm done A white glow, just for tasting A life for wasting (it's the one you love) And I look into your eyes, it's the one you love

Last one then I fill you up today, today How can you sleep When dreaming you, is so easy, yeah If it was up to me, then you would cry tonight When its up to you, you kiss yourself goodbye You would cry tonight (yeah) So kiss yourself goodbye (yeah) You would cry tonight (yeah) So kiss yourself goodby
