

# Someday's Gone

The All-american Rejects

What makes you so damn sure,  
That you're perfect, huh?  
I can't explain you  
Just like a nightmare  
I can't remember  
What makes you so damn sure  
That you're worth it huh?  
You're just a bad trip

I can't come back from since last December  
I walk into the room and you steal everyone  
I see you walk into the room  
And you kill everyone cause I know

My someday's gone now  
Bye bye  
My someday's gone now  
Bye bye  
Just let it go

How did you figure that I let you cut me down  
Right at the knees,  
I fall like a dead man out of the airplane  
How do you figure that I let you drag me around, huh?  
You got my number, draw me a story tell me a picture  
I walk into the room and you've had everyone  
And then you walked into the room, it's so sad everybody already knows

My someday's gone now  
Bye bye  
My someday's gone now  
Bye bye  
Just let it go

Even when I live, a piece of me will die  
Win some, lose some, she won't bat an eye  
Maybe when I sleep  
I'll see you in my dreams  
Forget about it one day  
The day I might see you  
You walk into the room and you fucked everyone  
And then you walked into the room, well so what, everybody already knows

My someday's gone now  
Bye bye  
My someday's gone now  
Bye bye  
My someday's gone now  
Bye bye

Let it go  
Let it go  
Let it go  
Let it go  
Let it go
