

## Takin Hold

The Almighty

Reading the bible in a cheap hotel  
Am I in Heaven or a decadent hell?  
I got the anti-Christ on my TV screen  
Selling household gods that I don't need

Give me something I can hold on to  
This love, hate, love I'm going through

[Chorus:]  
Taking Hold  
Taking it all the way  
Taking hold  
Taking hold of my beliefs

My culture clashed and it ain't no fun  
Today I feel like I need a gun  
Now the Woodstock nation's the Pepsi generation  
If it kills me I'll find my salvation

I hope to God that my hope won't die  
Am I just too low to high

[Chorus]

I love the things I used to kill  
I hate the way I used to feel  
I was lying through my teeth  
Taking hold of my beliefs

[Chorus]
