

# Never Be Like You

The Almost

On the inside it seems like  
You won't ever understand  
Outside the limelight here in the daylight  
I'm exactly who I am

I don't expect you to get it, forget it  
So just quit it 'cause I'm so over this  
And I'm gonna start replacing, erasing the faces  
Changing the places where I started this

I can't fake it, no  
I'll never be like you  
Never be like you, oh no  
I can't take it, no  
I'll never be like you  
Never be like you, oh no  
You can try, but you won't get your wish  
I won't let you win, you're never gonna win, no  
I can't take it, no  
I'll never be like you  
Never be like you, oh no

I'm rejecting, not expecting  
Any good from you  
You're always correcting and inspecting  
Everything I say and do

So walk away, not afraid of what you say  
'Cause what you said is what started this and I know  
This is the end, don't pretend that we're friends  
Because friends would never act like this

I can't fake it, no  
I'll never be like you  
Never be like you, oh no  
I can't take it, no  
I'll never be like you  
Never be like you, oh no  
You can try, but you won't get your wish  
I won't let you win, you're never gonna win, no  
I can't take it, no  
I'll never be like you  
Never be like you, oh no

Stop trying to waste my time  
Stop trying to waste my time  
You're never ever gonna cross my mind  
You're never ever gonna cross my mind

I can't fake it, no  
Never be like you  
Never be like you, oh no  
I can't take it, no  
I'll never be like you  
Never be like you, oh no  
You can try, but you won't get your wish  
I won't let you win, you're never gonna win, no

I can't take it, no  
I'll never be like you  
Never be like you, oh no
