

## Shower Day

The Amazing Devil

Leave the room but you get trapped in the lift  
Got a headache that just won't shift  
Would have stayed if you'd had asked  
But instead you just walk past  
Maybe sure I'm out of my depth  
I can't dance but I just can't accept that  
Never say how much you missed her, or  
That you kissed her sister

You're the one who told me my hair looked better black  
You're the one who told me to never look back  
You're the one who asked me if I'm feeling ok  
I said I'm fine  
It's just a sitting down in the shower day

Leave the room but you get caught in the rain  
Know you should love him but it's such a pain  
Would have stayed if you'd had asked  
But instead you just walk away  
Walk around all nonchalant  
We'll wear our eyeliner if we want  
Never say you missed her  
Or that you snogged her sister

You're the one who told me my hair looked better black  
You're the one who told me to never look back  
You're the one who asked me if I'm feeling ok  
I said I'm fine  
It's just a sitting down in the shower day

You're the one who told me to never look back  
You're the one who told me to never look back  
Well I'm looking back and looking back  
And looking back and looking back at you

So for Christ's sake just say something

You're the one who told me my hair looked better black  
You're the one who told me to never look back  
You're the one who asked me if I'm feeling ok  
I said I'm fine  
It's just a sitting down in the shower day
