Doubt It

The Amazons

Did I make a mistake when I told you my name?
I might never escape
Wanna do it again

If the devils desire (oh, yeah)
I don't wanna be saved (it's not time)
Push me over the edge (push me)
Take my doubts to the grave (to the grave)

If you need it, don't you doubt it
Won't need to worry about it
If you feel it, don't you doubt it
Only feel lonely without it

Pull me out of the swamp (pull me)
Drag me out of the mire (drag me now)
Coax me out of the depths (coax me)
My twisted pit of desire (pulling down)

If you need it, don't you doubt it
Won't need to worry about it
If you feel it, don't you doubt it
Only feel lonely without it
(Whatever you do) It's alright
(Whatever you feel) Can't deny
(Take what you need)
'Cause it's all mine, it's all mine, it's all mine
(Ch-ch-ch-chu) (Ch-ch-ch-chu) (Ch-ch-ch-chu)
(Ch-ch-ch-chu) (Ch-ch-ch-chu) (Ch-ch-ch-chu)

If you need it, don't you doubt it
Won't need to worry about it
If you feel it, don't you doubt it
Only feel lonely without it
(Whatever you do) It's alright
(Whatever you feel) Can't deny
(Take what you need)
It's alright, it's all mine, it's all mine, mine, mine
(Whatever you do)
(Whatever you feel)
(Tone what you mean)

Pull me out of the swamp
Drag me out of the mire
Coax me out of the depths
My twisted pit of desire

(Whatever you do) (Whatever you feel)
(Take what you need) (Take what you need)
