The Amazons

Oh, oh
Oh, oh
Oh, oh
Oh, oh

Dawn in the garden
Dawn here again
Dreams all forgotten
Lost in your head

The tyrants came, one by one
Once they're here, they'll never go
Light your fears, flood your thoughts
The tyrants came, one by one

Tried to forget you
Tried to pretend
Truth will be buried
Like roots you have bent

The tyrants came, one by one
Once they're here, they'll never go
Light your fears, flood your thoughts
The tyrants came, one by
One

(Ooh, yeah)

One by one
By one, by one
By one, by one
By one, by one
By one
