

Come out dancing with me tonight  
Forget your coat cause it's not cold outside anymore  
Come on baby  
Come on darling show me what God made you for

But you love it when he makes you cry  
And you love it when you argue all night  
But you love it when he makes you cry  
Don't you  
Don't you

You and me babe we're going out tonight  
But all your friends say you could do so much better than me  
And I know they're right  
But it don't matter cause we're a little too high to care

But you love it when he makes you cry  
And you love it when you argue all night  
But you love it when he makes you cry  
Don't you  
Don't you

But you love it when he makes you cry  
And you love it when you argue all night  
But you love it when he makes you cry  
Don't you  
Don't you  
But don't you  
Don't you
