

## Midnight Train

## The Amity Affliction

There ain't no hope in a homeless heart  
I've gotta find my way back home  
There ain't no hope in a homeless heart  
I've gotta find a way to hope  
All the roads I take lead to places  
That meant everything to us  
There ain't no hope in a homeless heart

And so we go  
How could this be real  
As we both run to, to the midnight train  
And we both say  
Are we really here?  
And we both say  
And we both say

There ain't no hope in a homeless heart  
And so you gave my heart a home  
There ain't no hope in a homeless heart  
Say you won't leave me here alone  
All the roads I take lead to places  
That meant everything to us  
There ain't no hope in a homeless heart

And so we go  
How could this be real  
As we both run to, to the midnight train  
And we both say  
Are we really here?  
And we both say  
And we both say

There ain't no hope in a homeless heart  
There ain't no hope in a homeless heart

And so we go  
How could this be real  
As we both run to, to the midnight train  
And we both say  
Are we really here?  
And we both say  
And we both say

There ain't no hope in a homeless heart  
There ain't no hope in a homeless heart
