Hey You

The Androids

Hey You!
I spend most every night just me and my TV
I eat my cookies and I sip on my warm tea
I'm never ever ever ever gonna make it
Never ever ever ever gonna shake it
If I get the guts to say hello she'll say to me
I think ya kinda cool but I don't think of you like that

Hey you, I'm getting through it

Yeah you, you never should have done it (2x)
I don't like to stand in crowds

I feel all outta place
And I go to the corner store
Supermarkets make me sweat
I'm never ever ever ever gonna make it
Never ever ever ever gonna shake it
That check-out chick has got a flirty pout
But if I ask her out
I think ya kinda cool but I don't think of you like that

Hey you, I'm getting through it

Yeah you, you never should have done it (2x)
She says,
I'd love to chat but he's with me
Any other time would be fine you'd see
Leave me alone if you don't I'll scream
Hey you, I'm getting through it

Yeah you, you never should have done it (4x)
Hey you!
Yeah you!
Hey you!
Yeah you!
