

Be With You

The Angels

Your flashing eyes are a beacon light
Which guides the jet plane in the night
I just wanna be with you

Pick me up when I'm down
Feel so good when your around
I just wanna be with you
I just wanna be with you

It's not blue the way its been
It's not night or in between
It's not guilt of feeling free
Take much more to conquer me

I just wanna be with you
I just wanna be with you

There's no place no person left
Don't wanna be with no body else

I just wanna be with you
I just wanna be with you
