

Love Waits

The Angels

Midnight, where you been
too late to drive my limousine
bit time is all you know
last call is time yo let you go
Love waits for rock and roll
I can't be bought, I can't be sold
your money's not enough
tell me who do you love
love waits for rock and roll
Midnight, where you been
too late to drive my limousine
love comes down on me
if you won't come down
I won't climb your pleasure tree
Love waits for rock and roll
I can't be bought, I can't be sold
your money's not enough
tell me who do you love
love waits for rock and roll
