

Northwest Highway

The Angels

I love a sunburnt country
Its sweeping hills and plains
Where the red earth meets the blue sky
And it never bloody rains

Red dust red neck, silhouette at sunset
Blue heart blue sky, Spinifex soundcheck
Bus surfin' road crew, pit stoppin' tank full
Swimmin' neck-deep in the Python Pool
Yeah! Yeah!

All right, I'm on a Northwest Highway Cruise
All right, I'm on a Northwest Highway Cruise
Newman new song
Smoke in the billabong
Show me what you've got to lose

Sandfire roadhouse
Tiger in a snake jar
Road train speed freak
Hangin' in the Sleeve bar
Yeah! Yeah!

All right, I'm on a Northwest Highway Cruise
All right, I'm on a Northwest Highway Cruise
Newman new song
Smoke in the billabong
Show me what you've got to lose

Red dust red neck, silhouette at sunset
Blue heart blue sky, Spinifex soundcheck
Sandfire roadhouse, tiger in a snake jar
Road train speed freak Hangin' in the Sleeve bar
Yeah! Yeah!

All right, I'm on a Northwest Highway Cruise
All right, I'm on a Northwest Highway Cruise

All right, I'm on a Northwest Highway Cruise

All right All right
Show me what you've got, show me what you've got
Show me what you've got to lose
