

## Talk About You

The Angels

Talk, Talk, Talk, Talk  
Party, last to arrive  
They all stop talking  
Standing in a circle of eyes  
They Talk About You.  
Oh No! Ist't it a shame?  
One long night  
And you gotta bad name.  
They Talk About You.  
Why's everybody talking?  
They Talk About You  
Talk behind your back, trying to put you down.  
Every time you wanna show your face, they look at you!
