

# With or Without You

The Angels

Shakin' all night  
Chasin' the flame  
House on fire  
Callin' her name

You want it to be  
You want it to come true  
But it all goes down

With or without you  
With or without you  
With or without you  
With or without you

Passion attracts  
You wanted to die  
You want a bird that sings  
In a hurricane eye

You want it to be  
You want it to come true  
But it all goes down

With or without you  
With or without you  
With or without you  
With or without you

What you wanted was a break  
Harlequin is on the take  
Worlds collide  
Deal the queen, lose the light  
How you gonna make it right  
Doin' what you gotta do  
To make another day go by

With or without you  
With or without you  
With or without you  
With or without you

Shakin' all night  
Chasin' the dawn  
Worlds collide  
Gemini I'm gonna be gone

I'm goin' with or without you  
With or without you  
With or without you  
(I'm goin' I'm goin')  
With or without you  
(Doin' what I gotta do)  
With or without you  
(I'm goin' I'm goin')  
With or without you  
(My my Gemini)  
With or without you

(Doin' what I gotta do)  
With or without you
