

# All Night Long

The Animals

I ain't got nobody  
In this world alone  
I have nobody to love me  
Give me my hope

Want you to love me  
Want you to love me  
I want you to love me baby  
Love me all night long

Just like a rattlesnake  
Crowded all in the mud  
If I love you baby  
Say that I'm no good

I want you to love me  
Come on & hug me  
I want you to love me baby  
Love me all night long

Alright  
Tell me baby

If you love me baby  
I'll tell you what I'm going to do  
I'd rob & I'd steal, I'd kill everybody  
To get some love from you  
Want you to love me  
Come on hug me  
I want you to love me baby  
Love me all night long
