

Oh baby, stroll with me down by the riverside  
Oh baby, stroll with me down by the riverside  
Make love to you baby, make you feel so warm inside

Oh baby, you're sure looking good to me  
Oh baby, you're sure looking good to me  
Took me by the hand when I was blind you made me see  
So many beautiful things

Oh baby, the sun is warm, your eyes they shine  
Oh baby, the sun is warm, your eyes they shine  
No matter where I go, you'll always be resting on my mind  
Wherever I go son

Oh baby, smile at me with childlike eyes  
Oh baby, smile at me with childlike eyes  
Make love to you baby, make you feel so warm inside
