

## Chains

The Anix

(Don't want to lie here)  
(In the chains of time, time, time)

Always knew there was something about you  
Unexplained, I can't figure out (time)  
We can run, there's a Universe out there  
A new world we can dream about

Don't want to lie here  
Don't want to change my mind  
Paralyzed with fear  
Trapped in the chains of time

We could live in a future without time  
Teleport to the stars and back  
Leave it all, there's a new world out here  
Once we've gone there's no coming back

(Is there something)  
(More to this life?)  
(Mirrorless victim)  
(Blind underworld)

Don't want to lie here  
Don't want to change my mind  
Paralyzed with fear  
Trapped in the chains of time  
Don't want to lie here  
Don't want to change my mind  
Paralyzed with fear  
Trapped in the chains of time

(Don't want to lie here)  
(In the chains of time)
