

Die With You [BassnPanda Remix]

The Anix

Gonna make you feel it's alright all along
You and I both victims 'cause we played it wrong
If there's a future we could leave behind
See in reverse, I've got my hands tied

I'll fight with you until you're mine
Oh-oh-oh
I'll die with you, I'll prove this time
Is forever

I'll take you closer
I'll take you over
I'll prove you're mine
Forever

You got me thinking it's the afterlife
I'm losing grip, I'm sliding down the knife
Floating upside down I'm finally free
Conformed and lost, I can't disagree

I'll fight with you until you're mine
I'll die with you, I'll prove this time
Is forever

I'll take you closer
I'll take you over
I'll prove you're mine
Forever

I'll fight with you
(Take me closer)
(Oh-oh-oh) I'll die with you
(Take you over)
I'll fight with you
(Take me closer)
I'll die with you
(Take you over) I'll prove you're mine
Forever
