

# Die Without You

The Anix

Gonna make you feel it's alright all along  
You and I both victims 'cause we played it wrong  
If there's a future we could leave behind  
See in reverse, I've got my hands tied

I'll fight with you  
Until you're mine  
I'll die with you  
I'll prove this time  
Is forever

I'll take you closer  
I'll take you over  
I'll prove you're mine  
Forever

You got me thinking it's the afterlife  
I'm losing grip, I'm sliding down the knife  
Floating upside down, I'm finally free  
Conformed and lost, I can't disagree

I'll fight with you  
Until you're mine  
I'll die with you  
I'll prove this time  
Is forever

I'll take you closer  
I'll take you over  
I'll prove you're mine  
Forever

(Forever)  
(Is forever)  
(Forever)

I'll fight with you  
(Take me closer)  
(Is forever) I'll die with you  
(Take you over)  
(Is forever) I'll fight with you  
(Take me closer)  
(Is forever) I'll die with you  
(Take you over)  
Forever
