

# Do You Remember

The Anix

Watching you melt away inside  
I see you fighting through the night  
Chasing disaster through your thirst  
Nothing else matters through your eyes  
(Through plain lies)

I may return, I may be broken  
Do you remember?  
I'm out of time, I may be frozen  
I think I've gone too far  
(I may re-)

Waiting for you, still side by side  
Refused again, still holding tight  
Telepathic socialite  
I know your secrets through your eyes  
(Through plain lies)

I may return, I may be broken  
Do you remember?  
I'm out of time, I may be frozen  
I think I've gone too far

(Maybe this is not what we started)  
Do you remember?  
(Maybe this is not what we wanted)  
I think we've gone too far

Won't you go?  
Through plain eyes  
Won't you go? (oh-oh)  
I may return, I may return (I may return)  
Through plain lies  
I may return, I may return (I may return)  
Through plain lies

I may return, I may be broken  
Do you remember?  
I'm out of time, I may be frozen  
I think I've gone too far

(Maybe this is not what we started)  
Do you remember?  
(Maybe this is not what we wanted)  
I think we've gone too far
