

Ghost

The Anix

Are you a ghost, a ghost?
Are you a ghost, a ghost?
Are you a ghost, a ghost?
Are you a ghost, a ghost?

I've watched a change inside you
Your carbon's starting to show through
You start to vanish in front of me
Are you a ghost, a ghost?

Ten thousand questions inside my head
My fascination begins to spread
You turn to vapor and fly away
Are you a ghost, a ghost?
Are you a ghost?
Are you a ghost?

I've watched a change inside you
Your carbon's starting to show through
You start to vanish in front of me
Are you a ghost, a ghost?

Ten thousand questions inside my head
My fascination begins to spread
You turn to vapor and fly away
Are you a ghost, a ghost?
Are you a ghost?
