

# Graphite

The Anix

Gone  
You take too long  
Withdrawn  
I'm done and gone

All I wanted tonight  
Was you and I to climb into the sky  
All our faults and red lights  
Could wash away into graphite  
All I wanted tonight  
Was you and I to climb into the sky  
All our faults and red lights  
Could wash away into graphite

You've turned to graphite  
You've turned to graphite

Gone  
I'll move on  
Black swan  
Intrude upon

All I wanted tonight  
Was you and I to climb into the sky  
All our faults and red lights  
Could wash away into graphite  
All I wanted tonight  
Was you and I to climb into the sky  
All our faults and red lights  
Could wash away into graphite

You've turned to graphite  
You've turned to graphite

Gone  
You've turned to graphite  
Gone  
You've turned to graphite  
Gone  
Gone  
Gone  
Gone

(Gone) All I wanted tonight  
Was you and I to climb into the sky  
(Gone) All our faults and red lights  
Could wash away into graphite
