

# Interchanger

The Anix

Lonely stranger - Who are you?  
Interchanger, passing through  
Loveless victim holding on  
Insides twisted all along

Can't see my reflection  
Nothing left to recognize  
Here I stand, no connection  
A foreign place with no allies

Lucid visions cloud my mind  
Violent collision, intertwined  
Imagination, control the time  
In this moment you'll be mine

Can't see my reflection  
Nothing left to recognize  
Here I stand, no connection  
A foreign place with no allies  
Here I stand, interchanger  
Passing through, passing through

Interchanger, passing through  
Passing through, passing through  
Interchanger, passing through  
Passing through, passing through  
Here I stand, interchanger  
(Passing through, passing through)
