

Locked Door

The Anix

How deep can you fall below this hole
In depths of despair when shadows grow?

Does it feel right?
Do you want more now?
Do you dream at night?
Do you lock doors now?

How far can you crawl out of this hole?
It goes deeper than I know
You echo with pain and endless scroll

You echo with pain and endless scroll

Does it feel right?
Do you want more now?
Do you dream at night?
Do you lock doors now?
Does it feel right?
Do you want more now?
Do you dream at night?
Do you lock doors now?

Help
Me
Now
I should have known
Loss
Now
I should have known

Does it feel right?
Do you want more now?
Do you dream at night?
Do you lock doors now?
Does it feel right?
Do you want more now?
Do you dream at night?
Do you lock doors now?
