

# PANIC

## The Anix

I don't know what you're thinking  
Can't tell if it's going wrong  
I don't know if we're sinking  
Hold on, 'cause it's hurricane strong

Can't be the winner  
Feeding the shame  
Waiting for winter  
To hide in the flames  
(The flames)

I'll take you back  
'Til the end of time  
Panic attack  
I've lost my mind

Your mind's a mystery  
Hang on, it's a turbulent ride  
Thoughts storm like thunder  
Can't tell if I'm still alive

My body is a sinner  
Mind is a saint  
Can we deliver?  
Can't hold the weight

I'll take you back  
'Til the end of time  
Panic attack  
I've lost my mind  
I'll take you back  
It will be all fine  
Panic attack  
I've lost my mind

(I've lost my mind)

If anything runs through us  
Chemicals come close  
Feels like falling deeper  
Deeper  
Steeper  
Down

Maybe it's time for me to go now  
It may be hard  
But I'm trying  
Chorus  
I'll take you back  
'Til the end of time  
Panic attack  
I've lost my mind

I've lost my mind  
I've lost my mind
