

Remnants of Us

The Anix

I'm not the same
Since you've been gone
I'm now afraid of what's become
Of me

And your disguise
I never saw
Behind your eyes
And you were gone

You kept me falling
Falling down each time
You kept me running
Cause you said that you were mine
You kept me breathing
When I said I can't go on
Now that you're leaving
I can not get you off
Of my head

The more you hide
The more I want
You know I try
This can't be right

You kept me falling
Falling down each time
You kept me running
Cause you said that you were mine
You kept me breathing
When I said I can't go on
Now that you're leaving
I can not get you off
Of my head
I can not get you off
Of my head

I can not get you off
Of my head
I can not get you off
Of my head
