

Growing Pains

The Apache Relay

(Verse)

Fifty seven years, a hundred clientele
Worry finds a way under My skin
To feel the roses on my face
Bloody knees, ? to the modern age

(Chorus)

Don't tell me I'm only
Under the weather, I'm feeling so strange
Growing pains

(Verse)

Dust filled dreams, haunted sleep
Making up the promises I can't keep
Fill my lungs with the ?
The hometown malls help me feel constable

(Chorus)

Don't tell me I'm only
Under the weather, I'm feeling so strange
Growing pains

(Bridge)

It's just a feeling
That's all that it is
Those aren't your worries
You have no regrets
but My hair keeps falling
Out of my head
I love to feel good
That's all that was said

(Chorus)

Don't tell me I'm only
Under the weather, I'm feeling so strange
Growing pains
