

Every Day Is a Rock N Roll Day

The Apers

Sometimes I hate my life, I don't know what to do
I try to make things work, but I ain't got a clue
I'm in a big dark room, and I can't find the light
I try my very best, but I can't get it right

But then I find myself, tapping along to the beat
It makes me wanna go outside and hit the streets
Meet up with my friends that mean the world to me
Yeah, this is exactly how I want it to be
I'm doing great, I'm doing fine
I gotta keep on thing in mind

Every day is a rock 'n roll day
You gotta roll with the punches, stay on top of the game
And every night is a rock n roll night
If you're gonna do it, do it right

They say the world's a stage and we must all play a part
Sometimes I rather stay at home and play air-guitar
Yeah, there's a sweatpants party at 34c
f**k the world, I'm hanging out with me

But then this tiny voice inside my head tells me to
Get off of the couch, there's things to do
There's a rockshow going on, and my name's on the list
And I don't wanna hear about the action I've missed
Hey can't you tell, hey, can't you see?
It's pretty obvious to me

Every day is a rock 'n roll day
You gotta roll with the punches, stay on top of the game
And every night is a rock n roll night
If you're gonna do it, do it right

I might not be here for a long time
But I'm here for a good time...
I might not be here for a long time
But I'm here for a good time...

Every day is a rock 'n roll day
You gotta roll with the punches, stay on top of the game
And every night is a rock n roll night
If you're gonna do it, do it right

Every day is a rock 'n roll day
You gotta roll with the punches, stay on top of the game
And every night is a rock n roll night
If you're gonna do it, do it right.....
