

## Lousy Day

The Apers

The sky is grey, it's a lousy day and you  
know I've been thinking about you again  
I wish you were here right by my side  
I wish you would stick with me all day  
and all night

But deep inside I know you're gone and  
you're not coming back you're not coming  
back to me  
There must be someone out there for  
me, yeah someone just like you,  
but where on earth could that person be

So here I am I light another Lucky  
Strike, it's getting late, you know,  
and I'm not doing fine  
To tell you the truth I'm so fucked up  
you're in my head all day and I can't  
make it stop

But deep inside I know you're gone and  
you're not coming back you're not coming  
back to me  
There must be someone out there for  
me, yeah someone just like you,  
but where on earth could that person be

It's a lousy day...
