

# Come Forth

The Apex Theory

Questioning everything that we say  
Back and forth with the life we've made  
Don't listen when the other side speaks  
Leave me be...

Left as though I can see through the  
mind-sided, it shivers with joy  
I have overcome you  
I have overcome...you

Thanks for nothing  
I have waited  
Comfort is arriving now  
Thanks for nothing  
I have waited  
Comfort is arriving now  
Thanks for nothing  
I have waited  
Comfort is arriving...  
...

What a beautiful sight unseen  
Never felt the welcomed surprises  
Breathe new air and pull away  
Far from you...

If you even apologize  
it's pointless if you ask me  
I am one with myself  
I am one with...myself

Thanks for nothing  
I have waited  
Comfort is arriving now  
Thanks for nothing  
I have waited  
Comfort is arriving now  
Thanks for nothing  
I have waited  
Comfort is arriving...  
...

Thanks for nothing  
I have waited  
Comfort is arriving now  
Thanks for nothing  
I have waited  
Comfort is arriving now  
Thanks for nothing  
I have waited  
Comfort is arriving...  
...

Thanks for nothing  
I have waited  
Comfort is arriving now...
