

Glowworm

The Apples In Stereo

Put a penny in the pot
Put a nickel in your pocket
Every nickel that you've got
Is a nickel in the slot

You just had to spend it
Every hour, every minute
You must had to make it all
Wonderful, beautiful

You live to burn
You were a glowworm
You lit the sky
You were a firefly

I remember you in sparks
Keep your picture in my locket
It's a image in my heart
I can wear anywhere

I could never give it up
I could never live without it
I just want to live it up
Like you did and that you did

You lit my eye
You were a firefly
You lived, I learned
I am a glowworm
