

## Open Eyes

The Apples In Stereo

What do you see when you are  
Inside a star, inside a star  
What do you do when you are young  
Stare at the sun, stare at the sun  
Did you perceive at the time  
That you were blind, that you were blind  
What do you see when you are  
Inside a star, inside a star

CHORUS 1:

Now you lie here with open eyes and  
Now you sleep by the phone  
Now you lie here with open eyes and  
Now you weep on your own  
Now you lie here with open eyes  
and you know you're not alone

What do you see when you are  
Afraid of the dark, afraid of the dark  
What did you when you were old  
Hide from the cold, hide from the cold  
Did you perceive even then  
You'd come back again, that you'd come back again  
What do you see when you are  
Inside a star, inside a star

CHORUS 1 (2x) you are
