Seems So

The Apples In Stereo

when i called last night i wasn't high
no, i had not been drinking
when i saw a sight i can't deny
now made me do some thinking.

imagine my surprise:
ooh i nearly dozed off on my pillow.
had to rub my eyes:
ooh i saw the whole thing from my window

and it seems so, i don't know
no i don't know if it's true.
and it seems so, i don't know
no i don't know what to do.

when somebody sees to sky open wide
and rides the solar system,
if he saw themoonlight pass him by
what would you think about him?

imagine my surprise:
all my life i've been so ordinary.
had to rub my eyes:
ooh my mind was just a little blurry.

and it seems so, i don't know
no i don't know if it's true.
and it seems so, i don't know
no i don't know what to do.

was it something in the sky,
or something in my eyes?
now, i don't know.
something that i've seen,
or was it a dream?
man, i don't know.

when i tell the world my trouble plight
now, do you think they'll listen?
or is this the kind of tripe people like
to put on television?

imagine my surprise:
all my life i look out of my window.
had to rub my eyes:
ooh i saw the whole thing from my pillow.

oh doctor, it seems so, i don't know
no i don't know if it's true.
and it seems so, i don't know
no i don't know what to do.
