

## Sun is Out

The Apples In Stereo

City sounds are humming around  
I'm sitting on my doorstep  
Watching the world go round

When the crowd is dragging you down  
I'll give you my street address  
You'll take a ride downtown

The sun is out  
The sun is out  
Come on come on come on come on come on come on shake it out  
The sun is out  
The sun is out  
Come on come on come on come on come on come on shake it out  
The sun is out  
The sun is out  
Come on come on come on come on come on come on shake it out  
The sun is out  
The sun is out  
Come on come on come on come on come on come on shake it out  
The sun is out  
The sun is out  
Come on come on come on come on come on come on shake it out

Come on, come on, come on, come on shake it out!  
So come on come on come on come on come on come on shake it out  
!
