The Apples In Stereo

I know you believe the fucked up things that you read are gonna
happen fast
When they come to pass
I know that believe that what you watched on TV was just anothe
r clue
That they wrote for you, yes.

Doobie-do-do-doo
At least that much is true.
Doobie-do-do-doo
The wrote it just for you
Doobie-do-do-doo
They showed it on the news
Doobie-do-do-doo
For people just like you and me
Who like to believe that what we recieve is true

I know you believe the fucked up things that you read are gonna
happen
(yeah. that's not gonna happen.)
I know you believe the fucked up things that you read are gonna
happen
(??)
I know you believe the fucked up things that you read are gonna
happen
(yeah, yeah)

Repeat until fade.
