

# Maybe

The Aquadolls

maybe  
hold me in your arms again  
please trust me  
you came into my life ever so suddenly  
maybe you could be in love with me  
ohhh

maybe  
kiss me one last time but  
don't forget me  
i know i can't forget about  
what you do to me  
maybe you could maybe love me too

you came into my life so suddenly  
and you disappeared with the same speed  
to have you in my life would mean the world to me  
and maybe it could happen one last time

touch me  
wrap yourself around me  
one last time please  
you're my darling i love you  
why can't you see?  
maybe you could maybe love me too

you came into my life so suddenly  
and you disappeared with the same speed  
to have you in my life would mean the world to me  
and maybe it could happen one last time  
ohhhohh

touch me  
wrap yourself around me  
one last time please  
you're my darling i love you  
why can't you see?  
maybe i could be in love with you  
and maybe  
maybe  
you could love me too
