

## Circle of Blue

The Archies

I love you and you love him  
And he loves somebody else  
The three of us, so much in love  
And yet, we're all on the shelf

Round and round the wheel keeps turnin'  
While our hearts are always yearnin'  
For the dreams that never will come true  
A circle of blue, blue, blue  
A circle of blue, blue, blue

I wish somehow that there could be  
A way to work it all out  
If one of us could realize  
Just how to turn it about

But round and round, we keep on spinnin'  
Love just can't find it's beginnin'  
Lost inside a maze we can't get through  
A circle of blue, blue, blue  
A circle of blue

A circle of blue that's filled with only sorrow  
A circle of blue with no hope for tomorrow  
Ba-dada, ba-dada, ba-dada, ooh  
Ba-dada, ba-dada, ba-dada, ooh

'Cause round and round the wheel keeps turnin'  
While our hearts are always yearnin'  
For the dreams that never will come true  
A circle of blue, blue, blue  
A circle of blue, blue

A circle of blue, blue  
A circle of blue, blue  
A circle of blue, blue ...
