

Sunshine

The Arcs

Why Juliana
Tell me 'cause I wanna know
In Louisiana, our lucks gettin' low
Been workin'
We're weak in the knees, 'bout to bust
Now won't you make some time for us

Sunshine
We're waiting on the sunshine
Night was day now day is night
Won't you help me see the light
Sunshine

Now tell me why we never agree when loves' free
We should have a family baby
I'll nearly be rockin' away in a chair, no regret
To love you like the day we met

Sunshine
We're waiting on the sunshine
Night was day now day is night
Won't you help me see the light
Sunshine
