

Why can't you hear me?  
I am willing  
And I wanna sing you lies -  
Can't you hear me?  
I am willing

Heaven, send a cloud  
We're dying for shade  
A fevered earth that  
Dries you in and out  
Though I can't swim for nothing  
I'll smile drowning for drink, too

Forlorn smile

Why can't you hear me?  
I am willing  
And I wanna sell you  
All the tonics you need to cure yourself

You're up like a cloud  
And I'm in your shade  
The rain is endless  
Will you let me drown?

Because I can't swim for nothing  
And I can't even see your  
Scornful eyes

The secrets of this burdened life  
Are magazines full of  
Lies and wonder  
Shame and luster  
Stars above  
My dreams up so high...

I wanna sell you lies  
Can you hear me?  
I am willing

I wanna get out
