

Sharp Teeth

The Armed

Can't you see I'm on the edge?
Broken plans in tangled webs
Bleeding tongue inside my head
Losing faith I never had

I'm far from heaven
I'm far from heaven

Can't you see I'm such a wreck?
A puppet pulled by unseen hands
Barred of dreams yet bound to rest
I've got war inside my head

I'm far from heaven
I'm far from heaven

Can't you see I've lost my edge?
I'm a ghost in a hollow shell
Barred of sleep yet trapped in bed
Won't you help me? I'm in hell
