

# Canada's Really Big

## The Arrogant Worms

When I look around me  
I can't believe what I see  
It seems as if this country has lost it's will to live  
The economy is lousy  
We barely have an army  
But we can still stand proudly cause Canada's really big

We're the second largest country on this planet Earth  
And if Russia keeps on shrinking, then soon we'll be first  
(as long as we keep Quebec)

The USA has tanks  
And Switzerland has banks  
They can keep them thanks  
They just don't amount  
Cause when you get down to it  
You'll find out what the truth is  
It isn't what you do with it  
It's the size that counts!

Most people will tell you that France is pretty large  
But you can put fourteen Frances into this land of ours  
(It'd take a whole lotta work, it'd take a whole lotta work)

We're bigger than Malaysia  
Almost as big as Asia  
We're bigger than Austrailia and it's a continent  
So big we seldom bother to go see one another  
Though we often go to other countries for vacation

Our mountains are very pointy  
Our prairies are not  
The rest is kinda bumpy  
But man do we have a lot!  
(we got lotta land, we gotta whole lotta land)

So stand up and be proud  
And sing out very loud  
We stand out from the crowd  
'Cause Canada's really big!
