

The Last Sensitive Cowboy

The Arrogant Worms

When you hear that i'm a cowboy, and i work the cattle trail.
You probably assume i'm big and tough (big and tough)
But the trail's worn me down, i don't want to hang around
I've just about had enough (had enough)
you see i like a nice cup of espresso,
and i like to read my people magazine
I co-ordinate my chaps, but everybody laughs
and say they don't like that shade of green

Oh no, it's true, i'm a sensitive cowboy and i don't know what
to do
oh no, it's kinda strange, i'm the last sensitive cowboy on the
range

well i try to eat a healthy, balanced diet
but they all eat their brown beans from the can
They all have to smoke about six packs a day
you'd think they was the marlboro man (*cough* smooth!)
and they don't like to go to see the opera
on friday nights when they get paid
and they don't help me bring in the hanging plants
every time there's a native american raid

Oh no, it's true, i'm a sensitive cowboy and i don't know what
to do
oh no, it's kinda strange, i'm the last sensitive cowboy on the
range

Cowboy life sure is different these days
why brand your cattle when you can just use bovine psychology?
why have a gun fight when there are so many good para-
legals out there?
Nobody drinks and bush-whacks anymore
And besides, we're all switching over to eating salt-
reduced tofu jerky
And if you're gonna ride off into the sunset,
make sure you're using an effective sun-block

Oh no, it's true, i'm a sensitive cowboy and i don't know what
to do
oh no, it's kinda strange, i'm the last sensitive cowboy on the
range
