

# It's Gotta Be Real

The Association

(Hey-hey-hey-hey)  
Walkin' and diggin' the weather  
Watchin' the sun  
Groovy just bein' together  
When the look that I see  
Is a smile that's for me  
It's gotta be real

(Hey-hey-hey-hey)  
The play begins and then we enter on cue  
This kind o' lovin's been long overdo  
If you listen, you can learn something, too  
You know that love's the thing if you can make it  
(You know that love's the thing if you can make it)  
But it's no good if you have to fake it  
(And it's so good)  
It's gotta be real

If it's inside, let it show  
If it's real, she's gonna know

The play begins and then we enter on cue

(Watchin' the sun)  
If you listen, you can learn something, too  
(Groovy just bein' together)  
(When the look that I see)  
You know that love's the thing, you know that loves the thing  
(Is a smile that's for me)  
It's so good if you can make it  
(It's so good)  
Gotta be real
