

## Songs in the Wind

The Association

Listen for my voice; it's really there  
You cannot hear it; don't you really care  
Love is how your soul tells you you're alive  
It makes you laugh and it makes you cry

It doesn't matter if you go away  
The feeling we know will always stay  
And your hoping and my wishing up through the end  
Will free our love like songs in the wind

Open up the door that frees you from  
The fears and things that make you unhappy  
Love is the key that springs the lock  
To make you fly away without moving

It doesn't matter if you go away  
The feeling we know will always stay  
And your hoping and my wishing up through the end

Will free our love like songs in the wind

I am you and you are me but each tells there's a difference  
We're existing in a place where there are no more fences (there  
are no more fences)  
There are no fences (there are no more fences)

Now the pathway has been shown  
The key is placed; the part is thrown  
And we're playing where no eye can see  
The breeze is singing new harmony

It doesn't matter if you go away  
The feeling we know will always stay  
And your hoping and my wishing up through the end  
Will free our love like songs in the wind
