

# Please Don't

## The Astronomers

Hey, umm (oh fuck)  
Look I know you've been busy lately  
And I know that I said I'd be there  
But something came up  
And I just need you to call back alright?  
It's driving me crazy

Hey, hello, yeah I know that I've been distant from my telephone  
Maybe cause I had other plans and I just couldn't go  
No, I couldn't go (No I couldn't go)

Still I'm all alone  
Now you want me and I don't know where to go, you know  
How to make me feel like someone else is home, you know  
You're on my mind  
You're on my mind, yeah

Yeah, when I call in the morning  
Will you tell me you want it?  
Or will I be disappointed?  
Once again, yeah

And I just think you should know that  
I'm not feeling you anymore  
So when you call in the morning  
Please don't tell me that I'm yours

Boy I can't explain  
My heart's been so conflicted with what's in my brain  
'Cause I don't want more to ruin  
What we've had is great  
And I'm not ready for it all to end (I'm not ready for it all to end)

Oh, my mind had changed  
I couldn't find the words so I just never came  
'Cause I was so afraid things wouldn't be the same  
And I don't wanna go through this again (I don't wanna go through this again  
)

Yeah, but when I call in the morning  
Will you tell me you want it?  
Or will I be disappointed?  
Once again, yeah

And I just think you should know that  
I'm not you feeling anymore  
So when I call in the morning  
Please don't tell me that I'm yours

When I call in the morning  
Will you tell me you want it?  
Or will I be disappointed?  
Once again
