

Last Of The V8 Interceptors

The Atomic Bitchwax

Attention!

Your defenses have been compromised.

Your kings are dead.

You fought well, but your efforts were plus futile at best.

You have been an insignificant, foolish, and sad race.

We are the new lords of this world.

Peace, hope, and love... are not options.

We will fuck and impregnate your females and groom the males for our food source.

Now we will begin.
