

Solid

The Atomic Bitchwax

No time is like this time should we make a call tonight
Could you do me a solid, will you
Nollie said he'd be here, said he'd be here
Nollie's coming could you do me a solid, will you
And so we set on multiple fire
We should stop cause I'm not getting higher
Going in again
I can't cover it
Get in your car 25 minutes
Could you do me a solid, will you
Nollie said he'd be here, said he'd be here
Nollie's coming could you do me a solid, will you
And so we set on multiple fire
I'm just shocked cause we're not getting higher
Hey kid, hey kid what's happening what's going on tonight
Could you do me a solid, will you
No, I won't look into the sun again
Well I detect a blue pathfinder eject the core and lighten up t
he
Payload. time's up and now you got to go
I hope you get home safe in the taurus
