

## Solid

The Atomic Bitchwax

No time is like this time should we make a call tonight  
Could you do me a solid, will you  
Nollie said he'd be here, said he'd be here  
Nollie's coming could you do me a solid, will you  
And so we set on multiple fire  
We should stop cause I'm not getting higher  
Going in again  
I can't cover it  
Get in your car 25 minutes  
Could you do me a solid, will you  
Nollie said he'd be here, said he'd be here  
Nollie's coming could you do me a solid, will you  
And so we set on multiple fire  
I'm just shocked cause we're not getting higher  
Hey kid, hey kid what's happening what's going on tonight  
Could you do me a solid, will you  
No, I won't look into the sun again  
Well I detect a blue pathfinder eject the core and lighten up t  
he  
Payload. time's up and now you got to go  
I hope you get home safe in the taurus
